Each Study Area prioritized 10 projects. These project lists are not intended to supersede or replace any planning documents, nor to obligate the lead agency to implement these projects. For further discussion of projects, please refer to the "Potential Park Projects and Cost Estimates" section of the report.

*Does not include repairs or replacement projects listed as prioritized projects.
Prioritized Project Reporting Form

Please provide descriptions of the park projects prioritized during your Study Area’s community engagement workshop. The details you provide will contribute to cost estimates that will be included with your projects in the final report of the LA Countywide Park Needs Assessment. Please be as specific as possible by providing all details that may have an impact on cost estimates (including quantities and acres where appropriate). Along with this form, please attach copies or scans of all voting forms presented at your engagement workshop.

Please return this form to robinson@parks.lacounty.gov no later than February 29, 2016

Community Engagement Plan

A Community Engagement Meeting must be held in each Study Area between December 1, 2015 and February 15, 2016. The meeting can be run by city staff or by a community-based organization of your choice. The meeting facilitator must attend one of three trainings. At the training, facilitators will receive all information needed to hold the meeting. To offset the cost of the Community Engagement Meeting, a $2,500 stipend is available for each Study Area.

Please answer the questions below and return this form to Rita Robinson robinson@parks.lacounty.gov by October 15, 2015.

Please tell us about your community engagement meeting:

Please describe your attendance goal (# of attendees): 100

Please provide any additional details related to your action plan for engaging the community:

See attached community engagement plans.

The list of prioritized parks projects generated at the community engagement meeting is due to the County by February 29, 2016.
The goal of our outreach is to get as many residents as possible to attend and participate in the community meeting to be held in East Los Angeles. Our attendance target is to recruit a diverse representation of 100 community residents and key stakeholders to participate in the meeting. Community outreach will be conducted October 15 through January 2016, right up to the scheduled public meeting.

Outreach Goals:
1. Mobilize at least 100 residents, business leaders, and other stakeholders to the Park Needs Assessment meeting in January 2016.
2. Engage thousands of residents through direct (door to door, business, etc.) and indirect outreach strategies to distribute flyers, and provide basic information about the Parks Needs Assessment (PNA) from October 2015 to January 2016.
3. Develop an Asset Map that will identify key organizations, businesses, churches, schools, transportation hubs and other high traffic areas to conduct the various outreach activities listed below.

The Land Trust plan will include the following outreach strategies:

1. **Holiday Outreach Strategy**

   Staff will distribute meeting flyers, post banners, and have an informational booth at events organized to celebrate the following special events/holidays:

   - Día de Los Muertos, November 1
   - Veterans Day, November 11
   - Thanksgiving, November 26
   - Christmas, December 25
   - Other Holiday Events as identified by DPR staff

Staff will coordinate with DPR on Holiday events to insure that they are staffed to promote the community meeting. If there are Toys for Tots or other holiday events, we will also insure that we hand out information. Staff will also ask residents to sign up to receive
ongoing news about the PNA. We will follow up with residents by phone and email to mobilize them to meetings.

2. Community Groups Strategy
   Staff will attend meetings held by the following community groups to promote and invite them to the community meeting (list not all inclusive):
   
   - Walnut Park Chamber
   - Citizens of Walnut Park In Action
   - Southeast Woman’s Organization
   - Communities for a Better Environment
   - Alliance for a Better Environment
   - YWCA

   Staff will distribute flyers at the meetings, provide extra copies of the flyer for distribution to others, and provide basic information about the Parks Needs Assessment. Staff will also ask residents to pledge to attend the PNA community meeting in January 2016. Land Trust will follow up with residents by phone and email to mobilize them to meetings.

3. Park User Groups Strategy
   Staff will coordinate with DPR to conduct outreach to park users to the meeting:
   
   - Participants in sports leagues (i.e. basketball, soccer, dance, etc.);
   - Academic programs;
   - Seniors; and
   - Parents of children in Tiny Tot programs.
   - Youth and young adults
   - Bicycle Clubs (coordinate with LACBC)

   Staff will work with DPR to distribute flyers, provide basic information about the Parks Needs Assessment and ask park residents to sign up to receive ongoing news about the PNA. Land Trust will follow-up with residents by phone and email to mobilize them to meetings.

4. Coordination with County Supervisor Field Offices and other County Departments
   The Land Trust will coordinate with County Supervisor Hilda Solis’ Field Offices and County Departments to reach out to their contacts and ask residents to participate in the community meeting. This will include providing flyers to the Field Offices and other
Departments, as well as having an information booth at events hosted by them. We will also distribute meeting flyers at libraries and Public Health field offices.

The Land Trust will also request support from the Communications Staff at Supervisor Hilda Solis office to send an emails to his constituents in the area, place the announcement in the newsletter as well as post the event flyer on the website and on various social media sites.

In addition to social media sites, the Land Trust will ask Supervisor Hilda Solis to record a robo call phone message that we will use to call homes in this study area three days before the meeting.

5. Social Media/Website/Newsletters
Staff will coordinate with the DPR Public Information Office to provide information about the Needs Assessment and community meeting via: the Department of Parks and Recreation website, Twitter account, Facebook page, and Department/Agency newsletters. Information about the meeting will be posted a minimum of 30 days prior to the meeting date.

The Land Trust will also post the event flyer on our social media sites including Facebook, Instagram, and Twitter. We have a total of 4,000 followers on our social media sites.

6. Communications Outreach
Staff will develop banners to place in high visible areas promoting the meeting, such as libraries, parks and transportation hubs. We will also explore local media outlets to see if we can add a PSA or an ad in the local newspaper.

7. Door To Door Outreach
The Land Trust will do door to door outreach to distribute flyers, provide basic information about the Parks Needs Assessment, and ask residents to pledge that they will attend the upcoming community meeting in January. The door to door outreach will take place from November to January leading up to the meeting. This outreach will also generate a list of potential participants for the meeting.

8. Community Engagement at Key Gathering Areas
The Land Trust will identify key areas, like public transportation stops, grocery stores/markets, schools, faith-based organizations, recreational facilities, laundromats, and other destination points to distribute flyers, provide basic information about the Parks Needs Assessment, and ask residents to pledge to attend upcoming meeting.

9. Business Outreach
The Land Trust will reach out to local chambers and other business associations to distribute flyers, provide basic information about the Parks Needs Assessment, as well as ask business owners to pledge to attend the community meeting. Key businesses to target will be identified in our Asset Map.

10. Phone Banking and Robo Call
The Land Trust will call County Departments, community based organizations, other key stakeholders and residents three weeks before the event. We will track RSVPs. The Land Trust will explore the financial feasibility of doing a Robo call three days prior to the meeting to a select area within the study area.
