*Each Study Area prioritized 10 projects. These project lists are not intended to supersede or replace any planning documents, nor to obligate the lead agency to implement these projects. For further discussion of projects, please refer to the "Potential Park Projects and Cost Estimates" section of the report.

*Does not include repairs or replacement projects listed as prioritized projects.
Prioritized Project Reporting Form

Please provide descriptions of the park projects prioritized during your Study Area’s community engagement workshop. The details you provide will contribute to cost estimates that will be included with your projects in the final report of the LA Countywide Park Needs Assessment. Please be as specific as possible by providing all details that may have an impact on cost estimates (including quantities and acres where appropriate). Along with this form, please attach copies or scans of all voting forms presented at your engagement workshop.

Please return this form to robinson@parks.lacounty.gov no later than February 29, 2016

If the projects reported on this form were subject to any type review process, please give a brief description of that process:

The Parks, Recreation and Library Services Department hosted a Community Engagement meeting on January 14, 2016. Community members reviewed and prioritized a list of potential park projects as well as suggested other projects to be considered. The Parks and Recreation Commission recommended minor adjustments to the list ranking to give higher priority to projects that address infrastructure and provide the greatest impact to park aesthetics and the health and safety of patrons.

These projects were approved by the Inglewood City Council during their February 23, 2016 Council Meeting.
