Community Engagement Plan for the City of Paramount

To engage the community in the development and prioritization of park needs within the community, the City of Paramount's Community Services & Recreation Department will:

1. Provide a survey to 1,500 families with school-age children through our STAR After School Program to ask them to prioritize a pre-selected list of potential park developments and to offer any other projected needs not listed. The survey will be conducted in November. The survey will indicate that the Parks and Recreation Commission will review the survey results at their January 21, 2016, public meeting.

2. The City of Paramount's Parks and Recreation meeting on Wednesday, January 21, 2016, will be the venue for any interested parties to attend to listen and offer input on the park survey results.

To communicate the meeting and to encourage public participation, the City of Paramount will advertise the meeting on the City's website, social media, publicly posted notice of the Parks & Recreation Commission meeting, and through the survey form.
